## “CEL RICH – The Bio-Organic Soil Enricher”

Use **CEL RICH** to flourish and replenish your gardens and cultivable areas. **CEL RICH** is a unique bio organic soil enriched made from bio degradable organic substance mainly of plant origin through controlled accelerated microbial composting process. It is dark brownish free from viable weed seeds, insect eggs and plant pathogens.

**CEL RICH** is a rich source of humus and plant nutrients which increases FERTILITY of tropical soils. **CEL RICH** contains well matured organic matter and growth promoting substance of biological origin. It contains biologically chelated major and minor nutrients. Free living nitrogen fixing bacteria and phosphate soluble micro organisms are found in plenty. **CEL RICH** is product of reputed crop protection company “Excel Crop Care Ltd.”

### CEL RICH IMPROVES Soil Structural Properties

ODOUR  
LESS

Enriched  
with PSB &  
Azotobacter

### COMPOSITION

C : N	< 15 : 1	Bulk Density	0.7 to 0.9
Moisture Content	< 25 %	pH	6.5 to 7.5
Organic Matter	< 15 : 1	TBC	10 <sup>9</sup> to 10 <sup>10</sup>
Nitrogen	0.5 to 1.0 %	Fungi	10 <sup>4</sup> to 10 <sup>6</sup>
Phosphorus	0.5 to 1.0 %	Actinomycetes	10 <sup>4</sup> to 10 <sup>6</sup>
Potassium	0.5 to 1.0 %	Azotobacter	10 <sup>4</sup> to 10 <sup>6</sup>
Natural Inerts	35 to 40 %
